

Burgess Hall -- Rustic Retreat Lodge

Burgess Hall is a small lodge that has four bunk rooms, each with five bunks a piece. A central meeting area is great for group time, and there is a small residential kitchen attached to the back of the building to allow you to prepare snacks and treats for your group.

The lodge has a small sound system, movie screen, four bathrooms with showers and two additional "public" bathrooms off the common area.

Burgess Hall is a great destination for small youth retreats with less than 40 people, including leaders.
